REPORT AND ORDER
(Proceeding Terminated)

Adopted: July 14, 2004

Released: July 20, 2004

By the Assistant Chief, Audio Division:

1. The Audio Division has before it *Notices of Proposed Rule Making*¹ setting forth thirteen Petitions for Rule Making to amend the FM Table of Allotments, Section 73.202(b) of the rules, to reserve certain vacant FM allotments for noncommercial educational ("NCE") use.

2. As stated in the *Notice*, the Commission established revised criteria by which a rulemaking proponent may reserve an FM allotment for NCE use that was originally limited to future allotment proceedings.² Subsequently, the Commission extended the expanded criteria to existing vacant FM allotments for which a Notice of Proposed Rule Making had been released prior to August 7, 2000, the effective date of the *NCE Report and Order*.³ Under this expanded criteria, a proponent must demonstrate that it is technically precluded from using a reserved channel (Channels 201 through 220) and the proposal would provide a first and/or second NCE radio service to at least 10 percent of the population within the 1 mV/m (60 dBu) contour of the proposed station.

3. We find that the public interest would be served by reserving the above-captioned allotments for NCE use. Each petitioner has expressed a continuing interest in applying for an FM allotment reserved for NCE use, is eligible to do so, and has demonstrated compliance with the expanded criteria set forth in the *NCE Report and Order*. Accordingly, we adopt each proposal as originally proposed. These are as follows:

¹ *Anninston, AL, Somerton, AZ, Sutter Creek, CA, Westley, CA, Olathe, CO, Horseshoe Beach, FL, Live Oak, FL, Asbury, IA, Keosauqua, IA, Merville, IA, Rudd, IA, and Weiser, ID*, 19 FCC Rcd 5333 (MB 2004) ("Notice").

² In the *Reexamination of the Comparative Standards for Noncommercial Educational Applicants*, 15 FCC Rcd 7386 (2000) ("NCE Report and Order"). Previously, the Commission would only reserve a channel in the nonreserved FM band (Channels 221 through 300) if the petitioner demonstrated that no reserved channel could be used in the noncommercial reserve band (Channels 201 through 220) without causing prohibited interference to a Channel 6 TV station or a foreign broadcast station.

³ *Reexamination of the Comparative Standards for Noncommercial Educational Applicants* ("NCE Second Report and Order"), 18 FCC Rcd 6691 (2003). In a Public Notice released September 30, 2003, we invited petitions for rule making to reserve vacant FM allotments for NCE use pursuant to the *NCE Second Report and Order*.³ In response to the Public Notice, we received 129 petitions for the reservation of 91 allotments.
